

**\*\*Orange Creamsicle Cake\*\***  
{ONLY 3 INGREDIENTS!}

1 Box White Cake Mix  
12 oz. Orange Soda  
1 Tub Vanilla Icing

Whisk together cake mix and orange soda until batter is peachy in color and has few lumps.  
**IMPORTANT:** Use just the cake mix powder!!! Do not add the ingredients that the box calls for.

Then pour batter into a greased pan {I used a 9x13 pan}.

Bake according to cake mix box.

However, I did discover that my cake was thoroughly baked 5 minutes sooner than the recommended time from the box, so be sure to check on it a few minutes early.

Allow to cool. Frost with vanilla {or cream cheese} icing.
